

The Hawbridge School

Silent Auction & Food Access Initiative
Invest in a Community Without Hunger

About Us

The Hawbridge School is a tuition-free, public K–12 Title I charter school located in Saxapahaw, NC, serving students across multiple counties. We are committed to providing high-quality, project-based, interdisciplinary education that fosters creativity, critical thinking, and community connection. Many of our students face food insecurity, and currently:

- The school does not provide lunch
- Snacks are sustained solely through family donations
- We do not expect families experiencing food insecurity to fill the gap themselves.

Our Goal

Raise **\$40,000** to establish a sustainable food access program:

- Offer lunch and snacks at low or no cost to students
- Ensure every child learns nourished and ready to succeed
- Build long-term systems to support Title I families equitably
